

# Washington Dental Service

## Offering Quality Coverage in Complex Times

Flexible benefit options  
for price-sensitive companies

**Washington Dental Service's voluntary and core-plus products offer affordability, outstanding\* customer service and access to the state's largest dentist network without sacrificing quality.**

- **Preferred Voluntary plan:** Employers pay some or none of the employee premium.
- **Preferred Core-Plus plan:** A basic dental plan focused on preventive coverage, with options for employees to buy up to more comprehensive benefits.

**BONUS:** Both plans are supported by the largest PPO dentist network in the state, Delta Dental PPO. And the Delta Dental Premier® network, with nearly nine out of 10 dentists in Washington, acts as a “safety net” for members who choose to go outside the PPO network.

For more information about these and other Washington Dental Service plans, visit us at [www.DeltaDentalWA.com/wdsu](http://www.DeltaDentalWA.com/wdsu) or call your representative at **(800) 572-7835, ext 2392.**
